

Speaking American English:

A Communication Skills Workshop for English Language Learners

Participants Can Expect:

- To set personal, individual objectives during the first meeting.
- Guidance from a licensed Speech-Language Pathologist.
- Increased confidence in social and professional interactions.
- Exercises for improving articulation, rate control, and projection.
- Group conversations and activities.

This program is for those who want additional guidance in speaking American English. The goal of this program is not to eliminate the distinctive accents of our clients, but to help them build confidence in their communication skills.
